

Modular Frame Systems

Designed for interior signage. Frame construction provides flexibility for installations and sign inserts. Signs change over easily. Sign inserts fit securely into frames with a snap lock mechanism. Frames and inserts are tamper-resistant.

A. Half Round Frame

The 8" half round frame accentuates an identity or message. Two half rounds can form a round frame.

B. Modular Frame Directory

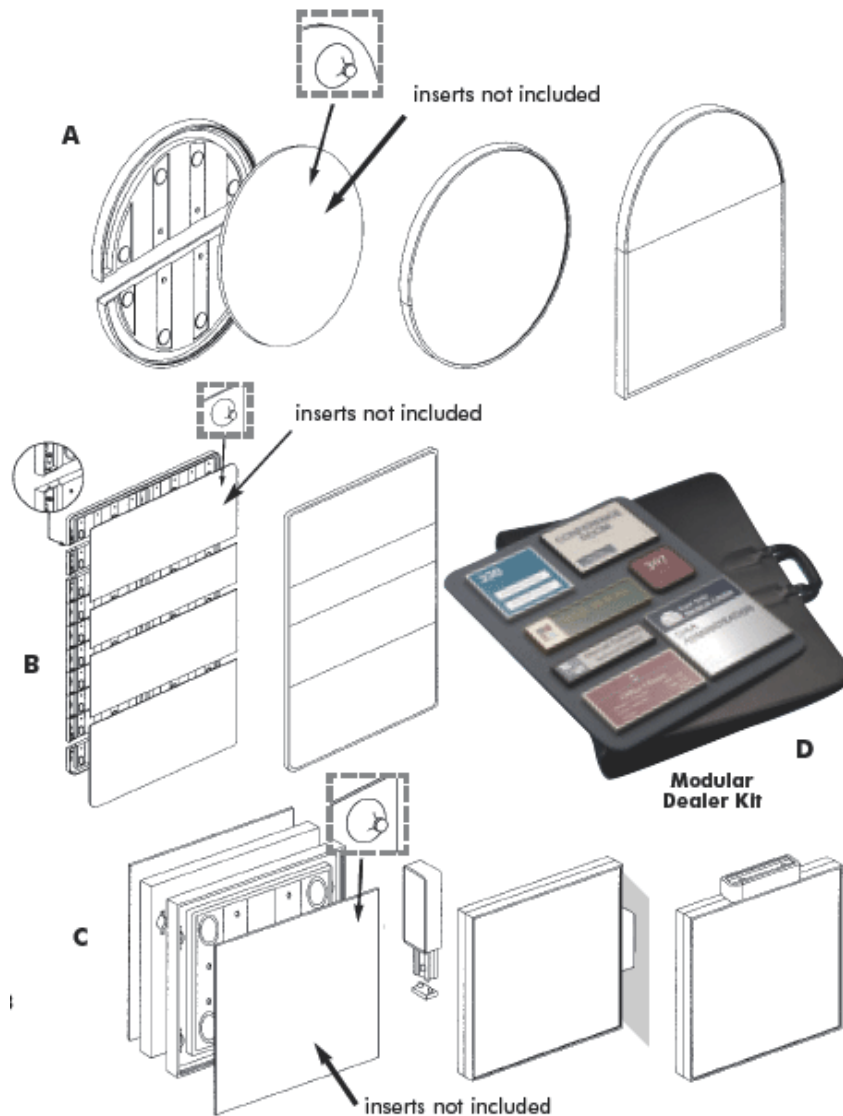

The header and base are 3" x 18", sold as a set. Insert panels are 2" x 18", sold separately. Use as many insert panels as necessary to create the desired directory size. Snap locks and hardware included.

C. Ceiling/Wall Mount

Designed to mount modular frames perpendicular to walls and ceilings. Instructions included.

D. Modular Frame Dealer Kit

Our selection features the most popular materials and frame sized in both round and square corners. The kit includes signage, two velcro boards, and sturdy leather-look portfolio.

Frame Design

Features 2 reveals. The front reveal gives sign inserts a recessed look. The back reveal provides a projected appearance.

Snap Lock Mechanism

Positive locking snap locks fit securely into the frame hole. Each snap lock has a pressure sensitive adhesive tab to hold insert in place. The exclusive hole placement and snap lock system provides design flexibility for sign inserts.

Mounting

Pre-grooved back reveal ensures tape concealment. Mounting holes accommodate standard hardware for various types of wall installations.

Frame Format

All frames, directories and desk bars except white, navy, and taupe are available in round and square corners, and accommodate sign inserts which allow the maximum yields from our 24" x 48" standard sheet sign materials.

Custom Modular Frames

We offer white, black, almond, navy, taupe, gray and brown. Custom colors and sizes are:

Size	Insert Not Included	Square Corner Part Numbers						Round Corner Part Numbers				
		White	Black	Almond	Gray	Brown	Navy	Taupe	Black	Almond	Gray	Brown
